

Our vision for Karen & langata

Since 1940 **Klda** has represented the interest of Karen & langata residents. We strive to ensure that the area is a well serviced, safe, peaceful and environmentally friendly place to live in.

Our vision is of an area in which development is carefully managed to maintain our ground water, wetlands, rivers, forests and other natural resources. But today this concept is under threat by the development anarchy that is affecting the rest of Nairobi.

Klda's main objective is to represent the interests of its members and to initiate support and disseminate appropriate development measures of broader concern.

Urgent action is required to stop illegal construction. **Klda** seeks to encourage development that will conserve and enhance our environment for the benefit of the city as a whole. Let's work together to ensure that Karen & Langata develops in the way that we want.

Why join **Klda**?

- To have a say in the future of your neighbourhood.
- To make sure your rates are used for your benefit.
- To improve your roads.
- To enhance your security.
- To increase your water supply.
- To stay informed about events in the area.
- To meet people at our monthly social evenings.
- To receive **Klda** newsletter.
- To share ideas and support your community.
